IOWA NEWSPAPER INTERSHIP BOOK

Wap-bap, ba-da-di-da-da

Absetts der Aufmerksamkeit der Erwachsenen prägt Bibi H. seit Jahren die Jugendkultur. Jetzt sorgt sie mit einem Song für Aufsehen. Ein Besuch

VON KATHIN SPOHR

Bibi ist nicht mehr so ganz meine Art, und ich bin nicht ihre Zielgruppe. Ihre Zielgruppe sind Mädchen ab 13 Jahren, die die Zielgruppe der Jugendlichen sind. Die Zielgruppe der Jugendlichen sind die Jugendlichen. Die Zielgruppe der Jugendlichen sind die Jugendlichen.

Im Video zum Karaoke

KITWERK
Aufbauende Ballerina vor Koons

Die Mutter des Kindes, der Mann, der in New York sein neues Karrieren vorantreibt: eine aufbauende Ballerina. Die Mutter des Kindes, der Mann, der in New York sein neues Karrieren vorantreibt: eine aufbauende Ballerina. Die Mutter des Kindes, der Mann, der in New York sein neues Karrieren vorantreibt: eine aufbauende Ballerina.

Wie eine Art Bräutigam über die neuen Arten, wie man sich in den sozialen Medien rummachen kann? Aber dann Bibi mit gerade noch nicht fertigem, das ich nicht mehr (Bibi, was ich nicht mehr) geschrieben habe und die werde ich Bibi jetzt endlich, obwohl es eigentlich keine einzige Frage auf dieser Welt geben dürfte, die Bibi nicht schon ergründet hat. Bibi ist nicht mehr so ganz meine Art, und ich bin nicht ihre Zielgruppe. Ihre Zielgruppe sind Mädchen ab 13 Jahren, die die Zielgruppe der Jugendlichen sind. Die Zielgruppe der Jugendlichen sind die Jugendlichen.

Robert, auf Platz 9. Miles Cyrus, Bibi sang also an Miles Cyrus' Video auf Platz 6. Bibi vor Miles Cyrus ist Bibi Vorbild, und zwar schon immer. Das verrät Bibi mir jetzt, hier auf dem Sofa. Na ja, verraten klingt zwar gut, wenn ich an die Vermutung des Gesprächs gegenüber meinem Tochter denke, ist aber vielleicht ein bisschen übertrieben, denn sicherlich hat Bibi das mit Miles Cyrus auch schon x-mal erlebt. Was ich sagen will, ist eigentlich nur das: Es gibt keinen besonderen Grund, sich für Platz sechs auf dieser Liste zu schämen.

Intern responsibilities: Harlan Newspapers Intern Program 50 years in the making. Describe the anticipated student intern job responsibilities: • Management style -- there is no hand holding - welcome to the real world. We're not the type to hover over anyone. We want the intern to be confident, talented and experienced and gain an insight into the working world as it will be when they get out of college. • 10-12 weeks long, compatible with most college requirements it can be catered to meet the individual needs of the student, for example, if they have a particular experience in photography, hard news, etc. • Requirements - must live preferably Harlan or a surrounding town and have a vehicle. • Work conditions - private office with 24" iMac (InDesign, Photoshop and iMovie) and private phone. • Pay - \$350 a week and we average two merit bonuses during the interns tenure (\$50-\$75 each), plus 40¢ per mile for business use of their vehicle (two other company vehicles on hand can be used in emergencies). • Professional attire is a must, if you wish to be viewed as a professional by your peers and others in your community. That being said - blue jeans, t-shirts, flip flops, shorts will create an unprofessional appearance when you are interviewing, taking photos or representing our company outside our offices. Summer weather, particularly covering the Shelby County Fair, changes those rules and a more casual attire is a necessity. • A 40-hour week in the newspaper business, although we do our best to allow everyone time off as needed. We all put in the time to get the paper done, no matter what it takes. The regular work day is 8 a.m. - 5 p.m., but that is somewhat flexible if something needs to be done after hours. There is some weekend work, usually a picture here or there. Sundays are usually free. If the intern wants a weekend off, or needs to head out of town, no problem -

just give us advance notice. • They cover hard news writing to feature interviews, photography, videography and layout and design. However, we want the intern to learn what they need to learn as well. We want a well-rounded experience for them. How much the intern accomplishes during the summer is up to the intern. The job is what they make it. The more the one accomplishes and grows, the better off everyone is. And, bonuses or raises come more easily as do references. • We need video - for our online product the intern provides a unique perspective of our community, sometimes we can't see the forest for the trees and the intern helps open a new vision of our community. • There will be beat work, such as covering a City, Utility and Supervisor meeting, depending on time available. That would be beneficial should you go into broadcasting as well. In addition, if adept at their role, at the summer's end they could be responsible for putting together the front three pages of our newspaper, acting as editor. Who is the Harlan Newspapers ? • Circulation - 3,400 homes • Online offerings - HarlanOnline.com • Staff size - 24 (five ISU grads on staff) • Community characteristics - aggressive and vibrant community of 5,000 with a county population of 12,000. Our twice-weekly newspaper have community and state-wide high regard in the community so our news sources are extensive, reliable and sincere. • Staff ranges in experience from three to fifty-two years. • We sell office supplies, run a local cable TV channel, print and design commercial print jobs and produce up to 20 other newspapers. • Our internship is looked upon as one of the longest and best, truly a hands-on internships. Our interns have gone on to work in everything from public relations work to broadcasting to magazine publishing/editorial to law. We have had reporters and editors at the Des Moines Register, Omaha World-Herald, Ft. Collins, Co. and everywhere in between. Three primary things we want the student intern to learn: • Confidence and belief in their skills so they may excel at any media assignment (photographic, editorial, video). • A sense of community - so they understand what they are writing, photographing or videoing impacts people, the interns are not anonymous - they will be known in our community and their effect will be felt. • An asset to our industry - to make not only our operation proud but other Iowa and national newspapers proud of their accomplishments and efforts.

Classes, skills or experience sought in intern: InDesign, Photoshop, Photography, news reporting.

Alternatives: (if an intern with the specific skills you seek is unavailable, what other types of interns, if any, would you consider?)

Term of internship: Coincides with your college academic year, traditionally mid-May thru early August...10-11 weeks.
